SIZE CHARTS

It's all in the details when it comes to making our products fit right. To find your size, start with your weight and narrow your choice by selecting your height, chest, waist and hip measurements. If you find you're between sizes, try on both. When you put on a BARE, it should feel like it was custom made just for you.

DRYSUIT MEASURING TIPS

1. When measuring customer for a stock size Drysuit, customers should wear minimal clothing.
2. Select size from above charts.
3. Drysuit design already accommodates appropriate underwhere choice as long as the diver is not at the upper end of the weight and height range for the size selected.
